Pertinent Paragraphs

Two negro youths have been appointed by Representative Oscar De Priest, colored, of Illinois, as candidates to the national naval academy at Annapolis. Mr. De Priest also took advantage of his privilege to appoint one candidate to West Point, and this lad is also a negro. All three boys are from Chicago. If they pass the mental and physical examinations they will become cadets at the respective training schools—but we do not envy their potential positions. Notorious for their snobbishness, our two national academies will doubtless make life miserable for the three boys. Representative De Priest sought to honor by appointment to the schools.

In announcing the appointment of a former assistant to the post of forest ranger in the Mount Hamilton district Santa Clara county's chief ranger, Donald King, also called attention to the law forbidding the casting of lighted cigarette butts from automobiles any place in the county and particularly in the mountains. Mr. King advises the public that infringement of the law will be dealt with as drastically as the statutes permit. Working hand in hand with this law should be the desire of every decent citizen to prevent the destruction by fire of any property, publicly or privately owned.

First year men, living at the frosh dormitory at Stanford university, have given voice to their dissatisfaction over the fact that they are paying 18 cents more per day for their meals than are other students who board elsewhere. Authorities at the university do not know why there should be this difference in the price of meals. Neither do we, but we are entirely in sympathy with the downtrodden freshmen. It occurs to us that Stanford university, from an institution where a person in moderate circumstances could secure an education, has risen to the exalted standing of a school for sons of the rich—an idea supported by the class of automobiles one sees about the campus.

An element of dissatisfaction over its recent incorporation became apparent in Willow Glen a short time ago, arising probably from the inability of city officials to cope successfully with the Southern Pacific railroad, the latter corporation being determined to run their new right of way through the city limits with or without the approval of the city council. This week citizens of that stormy metropolis voted on whether or not to continue under incorporation, the affirmative winning by a comfortable margin. Incorporation, we take it, has certain drawbacks, but the denizens of the Glen apparently believe that the disadvantages are more than offset by other features—such as adequate police protection, etc. We are waiting impatiently for Campbellites to see the situation with the clarity of our neighbors.

Turkish women, long oppressed, are coming into their own. It has become the practice in that distant land for a woman, who desire immediate attention in matters of business, to do a mock faint, whereupon

Campbell-Gatos Fruit Growers Elect Officers

A meeting of the Campbell-Los Gatos Prune and Apricot Growers association was held Tuesday evening at Plant No. 1 on South Central avenue, Campbell. Ballots cast at that time elected to the presidency of the local Henry Smith of Los Gatos district. Niles E. Wretman of Union district was elected vice president and W. P. Hobson of San Tomas was named secretary-treasurer.

At a previous meeting George Payne of Moreland district was elected as director at large and delegate to the state central organization of the California Prune and Apricot Growers association.

MAY PUBLISH AN ANNUAL ALUMNI MAG

Mrs. Wilma Smith King has been appointed a committee of one to secure estimates on the cost of publishing each year a small magazine, the contents of which will be devoted to the activities of the Campbell alumni and the highlights of the graduating class of the current year.

The yearbook, if published, will be of approximately twenty nine by 12 inch pages. It will be distributed free to alumni.

NEW OFFICERS OF BOARD NAMED

At a board meeting last Saturday trustees of the Campbell union grammar school and the Campbell union high school elected officers as follows:

High—J. E. Wiesendanger, president; S. W. Mitchell, clerk. Grammar—W. R. Porter, president; Lloyd Gardner, clerk.

officials order that her business be attended to right now. Years ago American women were wont to secure attention by the same method—and in fifty years or so Turkish women will be getting attention in the same manner now current in America—by demanding it as their right.

Saratogans feel that something should be done about the recent fatal plunge of an automobile through the front of a store in their village. An auto, driven by a San Francisco man, went out of control and penetrated a store building, killing a man as it careened across the sidewalk. No one was arrested at the time and civic organizations feel that the guilt or innocence of the driver of the death car should be decided by a judge. The point is well taken. Too many drivers, actually guilty of manslaughter, go free on what appear on the surface to be extenuating circumstances.

Plans for the alumni banquet at the Sainte Claire hotel in San Jose May 18 are being rushed to completion, and while it has been our opinion that the gathering should be held in Campbell, we realize that the majority must rule and for that reason we urge all former students of the Campbell high school to attend the banquet if it is at all possible for them to be present.

That's all.

"MAS" ENTERTAINED AT TEA BY LOCAL CAMP FIRE GIRLS

Mothers of members of the Ocowasin group of Camp Fire girls, Campbell, Thursday afternoon were entertained at a social tea in the grammar school cafeteria by the girls.

Trumpet solos by Miss Betty Keesling and numbers by the organization's orchestra added to the entertainment.

In this group, which is directed by Miss Elsie Merrill and Miss Helen Stray, are Alberta Lantz, Barbara Husted, Barbara Knopf, Betty Keesling, Emma Gaiser, Hattie Heffernan, Jessie Silberbauer, Lois Bachman, Lorena Wingard, Lulu Caldwell, Evelyn McKay, Sallie Davidson and Ruth Farman.

A food sale Saturday netted the girls \$13 which they applied to the fund for the new Scout-Camp Fire building, now under construction.

MRS. ABBOTT HAS PARTY FOR FRIENDS

Mrs. I. R. Abbott entertained a group of friends Wednesday afternoon at her lovely new home on Alice avenue, the ever-popular bridge being played at four tables. Mesdames F. R. Anderson, G. E. Farley, W. H. Jackson and W. H. Stray held high scores at their respective tables. The favors were dainty handkerchief cases, the handiwork of the hostess.

Refreshments were served at the small tables. Color schemes of pink, blue, yellow and green were used.

Country Women Name Directors

The Campbell Country Woman's club met Monday in annual meeting. Interesting reports of the year were given by the officers and the chairman of the membership committee. This has been a very pleasant year for the members whose efforts in a financial way have been lessened, owing to the cancellation of the note on the library building last fall.

Another year will probably see some efforts made toward earning additional furnishings for the building. The building and the lot are being well cared for at present.

The increase in membership has been exceedingly gratifying—27 new members and three re-newals.

The library is flourishing and supplying a great need in the community.

A board of directors was elected as follows: Mrs. D. H. Cramer, Mrs. J. C. Ainsley, Mrs. C. H. Whitman, Mrs. H. P. Bean and Miss Jessie Lewis, and they chose their corps of officers—Mrs. Cramer, president; Mrs. Ainsley, vice president; Mrs. Whitman, secretary; Miss Lewis, treasurer, and Mrs. Bean, director-at-large.

The chairman of the program for May 20 announced that each member is to respond to their name with the title and author of a book which they have read recently, and liked, and also that Mrs. Paul Clark of San Jose will be present and speak on "Land of the Midnight Sun." This is a travelogue which Mrs. Clark has given before other clubs and all who have heard her at any time give a description of any of her various travels know how interesting it will be.

Preliminary arrangements were made for the picnic on June 3.

Rev. and Mrs. W. E. Eckles were down from Auburn to attend the Congregational conference in San Jose last Friday, remaining over for the concert at Los Gatos Sunday.

INSURANCE MEN ATTEND MEETING AT FRESNO THURS.

Harry Barnes, district agent for the Farmers Inter-Insurance Exchange, accompanied by Mrs. Barnes and F. K. Bartholomew, local representative of the Exchange, attended a meeting of agents at Fresno last Thursday evening.

Present were nearly a hundred district agents and their assistants from the central part of the state. The local men report an interesting meeting, where it was announced that Mr. Barnes had won first place in district competition and that Mr. Bartholomew was second in number of policies written by local men in the central district of the state.

LARGE AUDIENCE HEARS RECITAL

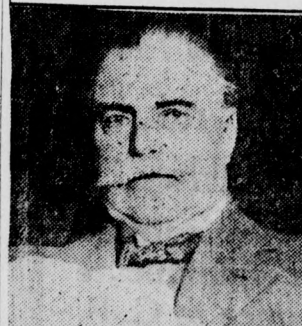

A group of young entertainers from the College of Pacific gave a very entertaining program at the Methodist church Wednesday evening. A large and appreciative audience was in attendance.

Piano solos rendered by Miss Harriett Farr were followed by whistling numbers by Miss Margaret Radner, accompanied by Miss Farr at the piano.

Arthur Farey gave three readings that were highly entertaining, and Austin Coggin, a freshman, a master at the piano, gave two very difficult numbers.

Kenneth Dodson played two violin solos, accompanied at the piano by Miss

L. D. Bohnett Likes Work of Committee

Saturday evening, May 18, will find many graduates of the Campbell high school chatting with old friends at an alumni banquet which will be served at the Sainte Claire hotel in San Jose.

Letters have been sent to all alumni whose addresses are available, and a notice appears in this issue of the Press, advising former Campbell students of the banquet. It is hoped that the notice will reach some of those whose addresses are not known to the committee.

A feature of the dinner, practically assured, is the appearance there for a brief time of the queen of the Fiesta de las Rosas.

That prominent alumni are interested in this effort to revive the tottering ruins of the Campbell High School Alumni association is evidenced by the following letter from L. D. Bohnett, popular San Jose attorney, to Graham Peake, chairman of the Campbell union high school reunion: Dear Graham:

May I compliment you and your committee on the splendid work that you are doing in reorganizing the Campbell High School Alumni association? The old order seems to have passed from view and is in need of a strong hand to bring it back to life. I am sure that your able committee can accomplish this feat.

I feel sure that the banquet and meeting at the Sainte Claire will be a huge success and I am looking forward to meeting many old classmates at that time. I hope the old faculty members will be able to attend.

The interest and enthusiasm which is being shown throughout the valley indicates to me that a large attendance can be expected and may I again commend you and your co-workers for the fine effort along these lines.

Sincerely,
L. D. Bohnett, '02

SUNDAY CONCERT OF CHORAL SOCIETIES

The concert given Sunday afternoon by the combined choral societies of the evening schools of Campbell and Los Gatos, assisted by the First Presbyterian choir of San Jose, at the Los Gatos high school, was a treat to lovers of good music.

The choruses showed the very careful training and helpful instruction which they have received under the direction of Homer De Witt Pugh, ably assisted by Mrs. Elizabeth Aten Pugh, his accompanist and co-worker.

At the close of the concert Mr. and Mrs. Pugh were presented with a beautiful silver water pitcher and tray by the members of the chorals in appreciation of their leaders' kind and efficient service.

JAIL NOW CREAMERY

Allerton, Ill., The local jail has been leased for a creamery station. It has not had any tenants for a number of years and there is small likelihood of its being used in the future for the purpose for which it was intended.

LOOK OUT FOR BLASTING CAPS

A nationwide campaign is being carried on to help prevent accidents due to blasting caps, because of the large number of children crippled annually through handling these innocent looking objects.

Ralph L. Patty, agricultural engineer at the South Dakota State college, has sent out this warning to farmers and ranchers contemplating work with explosives.

"More than 500 children in the United States were crippled last year in playing with blasting caps.

"The common No. 6 cap is a little over an inch long and is made of copper. It is the size of a .22 rifle

cartridge. The caps look harmless because they appear to be empty. They are not. They are loaded about half full of an extremely quick-acting and powerful explosive, fulminate of mercury.

"This explosive is very sensitive. It will explode from a quick jar or shock. It will also explode in coming in contact with a hot substance or surface. And still more dangerous, it may explode from friction or scratching."

This warning should be taken to heart by all who use these blasting caps. A little care, and tragedy can be averted.

MOTHER'S DAY

Whether mother is far or near, do not forget her on this important occasion. A few kind words, a little, inexpensive gift, mean more to mother than the grandest eloquence and the most elaborate entertainment mean to anyone else.

Many a mother, separated by distance from her children, pining for them, is made glad on this day by affectionate messages and thoughtful gifts. Others, fortunate enough to have their children about them, beam with delight at their manifestations of love on this day.

Of course every day

should be Mother's day—never for a moment should her kindness and self-sacrifice be forgotten. Too often, however, mothers are taken for granted, though experience has shown to mankind that the love of a mother is the only really unselfish love that one is liable to meet in a lifetime.

Those whose mothers have gone realize what a precious boon has passed from their lives. They, too, may observe Mother's day. If your mother has passed on, put a flower at her resting place . . . surely she will know!

SMART BRIDGE PARTY AT FIG TREE TEA ROOM

One of the smart events of the past week was the bridge luncheon given by Mrs. R. G. Archibald and Mrs. R. H. Hyde Saturday at the Fig Tree tea room on Bucknall road.

Saturday was the opening day of the tea room and everything was beautiful for the occasion—indoors and in the wonderful gardens.

A color scheme of pink and lavender was effectively carried out, centering about lovely baskets of sweet peas in the two colors, combined with Cecile Brunner roses. Lighted pink tapers and pink nut cups added to the dainty picture.

After admiring the lovely grounds the party reassembled under the magnificent fig tree which has given the place its name, and several games of bridge were enjoyed, favors being awarded Mrs. Russell Henwood of San Jose, Mrs. S. Major King of Campbell and Miss Emelyn Beattie, San Jose.

HARRY LAUDER IN HUNTINGTOWER, SCOUTS PICTURE

The local picture house was well filled Tuesday and Wednesday nights when Campbellites turned out to see Harry Lauder in "Huntingtower," a film full of laughs and a moral.

The proceeds of the show went to swell the Scout-Campfire building fund, and was made possible through the generosity of Mr. Doods.

PARTY IN HONOR OF HOUSE GUEST

Mrs. F. K. Bartholomew presided over a charming luncheon last Thursday when she entertained in honor of her house guest, Mrs. J. A. Harris of San Diego.

The company was seated at one table which was attractively decorated with pink roses.

Dutch whist was the diversion of the afternoon hours.

Married

Phyllis Haver, famous screen star and her husband, Billy Seaman, prominent business man, whose wedding in New York was an outstanding event of the season.

KIWANIS NOTES

Hal Morton swung the baton to a real jingle Tuesday and everybody had a fine time, singing and paying. The program was furnished by the music committee and although the speaker was unable to be present, the hour was filled with enjoyable entertainment, carrying out the music week idea.

Homer De Witt Pugh, popular tenor of San Jose and Campbell, accompanied by Mrs. Pugh at the piano, gave a group of songs as follows: "Where'er You Walk," Handel; "My Star," Rodgers, and "Crying of Water," Tipton.

Miss Marjorie Barnes, soprano, with Miss Helena Young at the piano, gave a very pretty group of songs: "Hole in the Fence," Russell, and "Crying Water," Hamblen.

Dr. Merrill announced a piano recital May 23 by the artist, Phillip Gordon, to which the public is cordially invited.

George Burrow reported the foundation for the new Scout-Campfire building all set and ready for the lumber which is already on its way to the grounds.

W. L. Atkinson of San Jose will give an illustrated slide lecture on California birds at the next luncheon

HE SPRAYS HENS. THE NEW FARM PLAN. HEADS AND FISTS. FIRST AID FOR HOOVER.

Thousands that would not read an Einstein pamphlet will read this. Walter Dorsey, colored, of Atlanta, Ga., confessing to chicken stealing on a wholesale basis tells the judge, "I just sprays 'em with chloroform. Then stand back and wait. In about five minutes they flop off the roost and are ready for my sack."

That's more interesting to many of us than the distance of the farthest star.

The "William and Mary" plan to subsidize exports of farm products is rejected by Mr. Hoover. The Senate plans, nevertheless, to try it.

The plan is to give farmers exporting wheat, etc., a bonus of one-half the American tariff on all the wheat or other farm products exported.

After consulting the Departments of Agriculture, Commerce and the Treasury, Mr. Hoover says the plan would enrich the speculators and reduce world prices, since foreign markets would have to meet the competition of subsidized products.

Also, says the President, the plan would cost the country \$200,000,000 a year, cause much bankruptcy and it would not solve the farm problem.

Farmers will cease moaning when they realize that the bonus money would be paid not direct to them but to merchants exporting products.

It needs "no ghost come from the grave" to tell farmers how little they would get of that bonus. Wheat gamblers and the middle-men would get it. The farmer in his taxes would have to pay part of it.

Mr. Tunney, world heavyweight champion, retired, has been visiting George Bernard Shaw on a small, sunny island in the Adriatic Sea.

Tunney is barely thirty. Shaw is seventy-three. And Shaw, who has NOT retired, has no idea of retiring. The head lasts longer than the fists.

Eight hundred delegates to the Red Cross Convention called upon President and Mrs. Hoover, and contributed first "First Aid" by refraining from the usual hand-shaking nonsense.

Why eight hundred intelligent human beings should want to squeeze the joints of the hand and tug at the muscles in the arm of a busy man is not easily understood.

Handshaking should be abolished, since it means nothing and spreads germs.

Germany permits all survivors of the Emden to add "Emden" to the rest of their name. Thus Friedrich Garbe is Friedrich Garbe-Emden. The Emden destroyed eighteen steamers and one cruiser before an Australian cruiser ended its career. On the same basis Colonel Lindbergh would call himself Colonel Lindbergh-Atlantic Ocean.

Extension telephones are convenient in the office—they are just as necessary in the home

Home is made for comfort and relaxation, not for endless trotting and disturbed ease. Well-placed extension telephones are desirable in any home, large or small. Inter-communicating systems can also be arranged. The cost is small. Simply call our business office and say "I want a convenient telephone arrangement".

Insurance AGAINST Trouble

THE DUAL-Balloon's positive assurance of safe, sure mileage year in and year out means far greater protection than the policies that pay off only after trouble has come. Why depend upon mileage guarantees that mean running much of the way on "bald-headed" tires?

The DUAL-Balloon's thicker, tougher, longer-lasting tread, its non-skid permanence, its prevention of punctures are features which mean the greatest possible margin of safety.
